

Applications Open!

Virginia Space Coast Scholars is a FREE program for students interested in exploring orbital and suborbital flight.

Must be:

- 10th grade
- VA or MD resident
- 2.7 GPA
- U.S citizen
(for GSFC event)

Nov. - March
Complete a 5-module online course featuring engaging projects & writing assignments about launch platforms at NASA's Wallops Flight Facility & the Mid-Atlantic Regional Spaceport.

Maryland students who complete the course will be invited to attend a 1-day NASA STEM event and tour at Goddard Space Flight Center, likely in July 2027. (This replaces the summer Wallops academy that is only open to VA students.)
